Mission: To promote disability-inclusive international development and humanitarian action in the Global South

IDDC task groups
- Community-Based Inclusive Development
- Inclusive Safeguarding
- Inclusive Education
- Inclusive Health
- OPD Partnership
- Climate Action
- European Union
- Livelihood
- United Nations

Objectives:
- Promoting disability inclusion and appropriate disability-specific approaches in all development and humanitarian policies and practices
- Collaborating and sharing experiences about policy and practice among members
- Disseminating information and knowledge about inclusive development and humanitarian action

Priorities:
- Be propositional for a fully-disability inclusive global framework beyond Agenda 2030 while continuing to support disability inclusiveness in the current Sustainable Development Goals
- Better leverage our expertise, profile and access to key political structures and moments and deepen our connections to further support and influence the implementation of disability rights at the national, regional and global level
- Prioritise meaningful participation of persons with disabilities and OPDs in IDDC by addressing power dynamics that hinder such participation and committing to consultation and alignment, where possible, with OPDs and their networks in advocacy and policy work

IDDC values
- Sustainable development and social justice
- Human rights for all
- Diversity and inclusion
- Partnership, participation and collaboration

The United Nations Convention on the Rights of Persons with Disabilities
